If you want to reserve your spot for a Sage Creek turkey, a Mary's Antibiotic-Free Turkey, or a Mary's Pekin duck, please give us a call right away to get your name on the list at (406) 755-5260.

NEW Product Alert:

We are excited to introduce you to a new player on the Withey's shelves that many of you are going to love. **The Wellness Company's** mission is to

empower your journey to wellness and health, and they have brought together a medical board of professional physicians to create some powerful detoxing blends you will want to try. *For the month of November, the products below are 25% off:*

➔ **Plasdetox: Microplastic Detox Support** is a powerful blend clinically developed to support your body's natural detox pathways to remove environmental toxins like microplastics, BPAs, and polystyrene.

➔ **Mind Lift** is a brain supplemental support aimed to support healthy mood and clarity through hard hitters like Ashwagandha, DHA, GABA, and a low dose of lithium.

➔ **Ultimate Spike Detox** is a blend of Selenium, Turmeric, Bromelain, Nattokinase, and bioavailability enhancers crafted by a leading pandemic expert to aid recovery from intense illnesses such as COVID-19. This mixture is designed to get your immune system back online and fully functional in the face of modern environmental and disease stressors.

➔ **Spike Support** is the sister product to the spike detox above formulated to support healthy immunity function. This blend features many of the same ingredients above, in addition to *Green Tea Extract* and *Irish Sea Moss*, which help repair damaged tissue and scavenge for free radicals in the body.

SEASONAL Product Alert:

Lake Missoula Tea Company's seasonal Autumn and Christmas themed tea blends are still around. These make for great gifts or as a nice way to switch up your daily tea routine. The flavors you can slurp through include Baked Apple Pie, Harvest Moon, Big Sky Salted Carmel, Christmas Tea (caffeinated or decaf), and Mountain Winter Berry.

Joe: **Mya:** **Ally:**

“My pick for this month is Montana Tea & Spice Five Valleys Chai. I love supporting our Montana vendors and this chai is so warm and satisfying with a dollop of honey (also local, of course). *Did you know Joe has a birthday this month on the 12th? Don’t forget to wish him a happy birthday when you stop in!*

“I have been using Source Naturals Theanine Serine. It is really nice to take as needed, not necessarily on a daily basis, for a nice calming effect. It can also be helpful when I drink too much caffeine to take away the jitters. I like the combination of GABA, magnesium and theanine. ”

“There are so many yummy warm drinks right now that it is hard for me to pick one. So I will mix them together instead! If you want a yummy dirty chai without the caffeine I mix Blue Lotus Rooibos Chai with Rasas Classic Herbal Roast. It has five adaptogen and mushroom extracts and tastes good. When I do want some caffeine it’s tasty to mix the chai from above with North Soul Coffee’s Mexico honey- processed with honey instead of water so it has a nice touch of sweetness. ****Reminder, Blue Lotus Chai is on sale for 20% off*
